The screen below will pop up. Stay on this page and **install Microsoft Authenticator on your mobile phone using the App store for Mac devices, or from Google Play for android phones.**

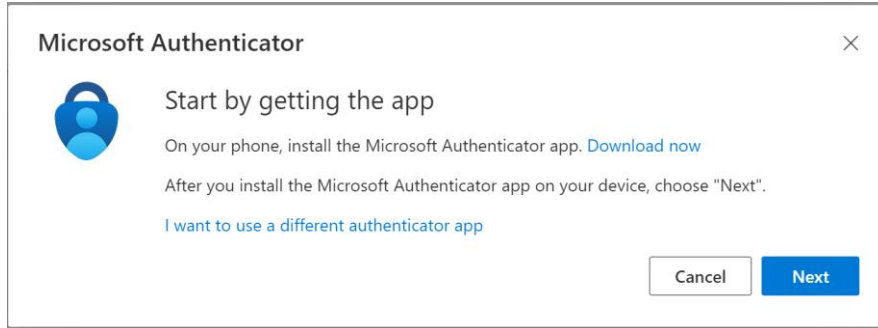

Once installed, launch Microsoft Authenticator on your phone.

Click on **Accept**

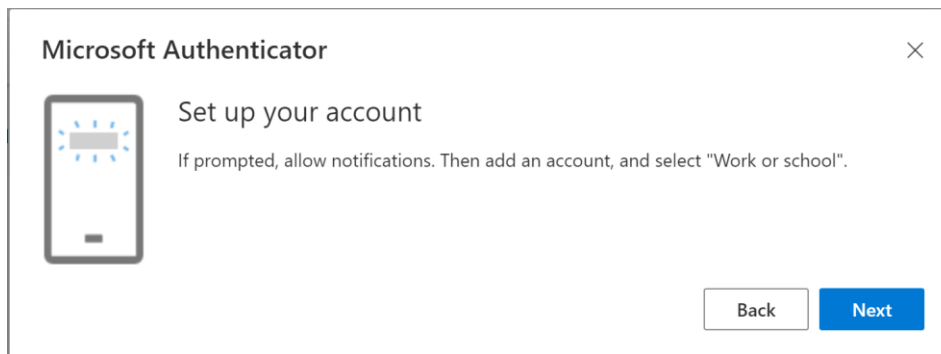

Go back to the browser on your computer.

Click on **Next**.

Click on **Next again**.

Stay on this window on your computer and use your Microsoft Authenticator to scan the QR code to connect Microsoft authenticator with your Microsoft account.

Microsoft Authenticator

Scan the QR code

Use the Microsoft Authenticator app to scan the QR code. This will connect the Microsoft Authenticator app with your account.

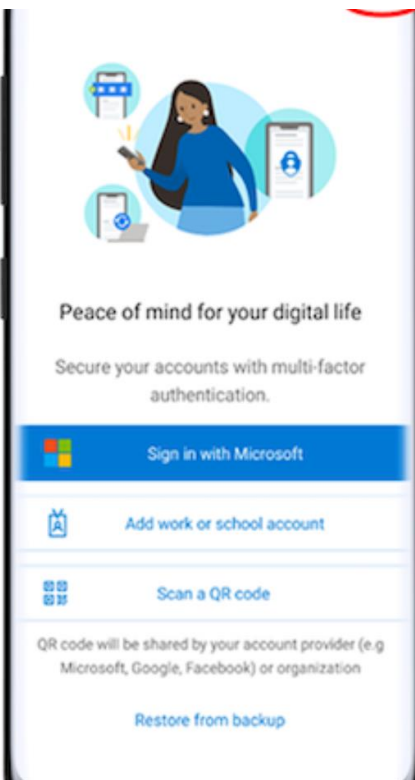

After you scan the QR code, choose "Next".

Can't scan image?

Back Next

Click on **Scan a QR code**.

Peace of mind for your digital life

Secure your accounts with multi-factor authentication.

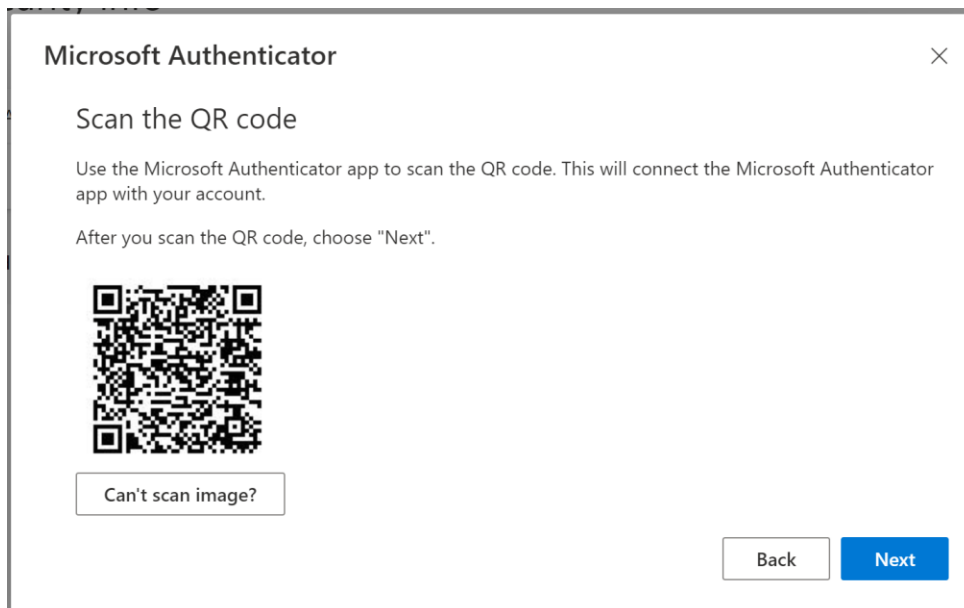

- Sign in with Microsoft
- Add work or school account
- Scan a QR code
- QR code will be shared by your account provider (e.g. Microsoft, Google, Facebook) or organization
- Restore from backup

Scan the QR code.

Click on **OK**

Go back to the Browser on computer. Click on **Next** on below screen

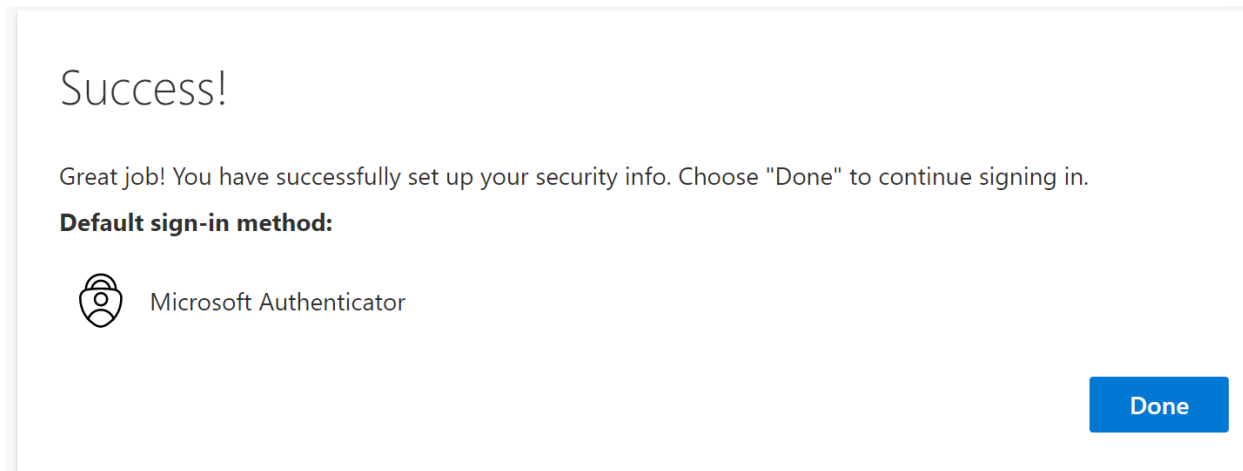

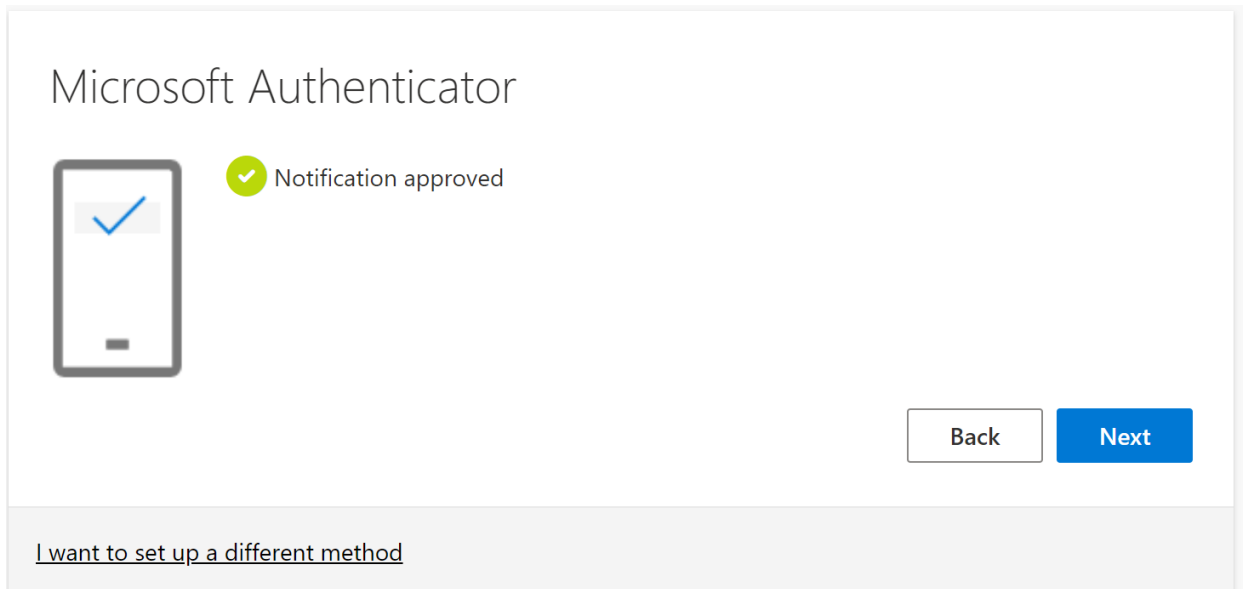

Switch to the mobile phone again.

It will pop up a screen to approve.

Click **Approve**

Go back to your browser and click on **Next**.

At this point the MFA Enrollment process is complete.
