Custom Kit

Get in touch with us to build your custom kit from our tool selection. All of the above kits can also be customized based on your needs.

Kit requests should be submitted at least one week in advance of desired pick-up date.

Tool Loans are 24 hours long with possible extensions of up to 3 days.

The best way to access the Tool Checkout is by visiting the service window during regular hours.

All ECU community memebbers are invited to use the Tool Checkout.

More info.

Scan for up-to-date operating hours, tool checkout process and material resale payment methods.
